### **LEGISLATION (DECLARATION) AMENDMENT BILL**

 **Mr SEENEY** (Callide—LNP) (12.31 pm): The opposition will be supporting the technical bill that has been introduced into the House by the Leader of the House in response to the statement that the Clerk made to the House this morning. The Clerk has explained the breach that occurred. The bill is of a technical nature to address that breach. I have no disagreement with the comments made by the Leader of the House. We will support this bill to correct the issue that is before the House.
