

Question on Notice

No. 433

Asked on Wednesday, 3 June 2015

MR SEENEY asked the Minister for Main Roads, Road Safety and Ports and Minister for Energy and Water Supply (HON M BAILEY) —

QUESTION:

With reference to the Minister's answer to Question on Notice No. 16 of 2015—

Will the Minister advise

- (a) the options available for the replacement of the Jubilee Bridge on the Monto-Mt Perry Road,
- (b) which option has been considered to be best, and
- (c) the timeframe for the implementation of that option?

ANSWER:

I thank the Member for Callide for the question.

- (a) I am advised that the Department of Transport and Main Roads (TMR) has completed the options analysis to replace the bridge.
- (b) The preferred option improves safety for motorists by re-aligning the road approaches to current design standards and constructing a two-lane concrete bridge.
- (c) Preliminary design of the preferred option is currently ongoing. I note that the State Budget 2015-2016 will be handed down by the Treasurer on 14 July 2015. The detail of infrastructure to be funded in the State Budget will be released at that time.
