

Question on Notice

No. 1076

Asked on Tuesday, 14 June 2016

MR SEENEY asked the Minister for Transport and the Commonwealth Games (HON S HINCHLIFFE) —

QUESTION:

With reference to permits or authorities to operate B-Double trucks on both state and local roads within the Callide Electorate—

Will the Minister provide (a) a list of all current permits or authorities (de-identified if necessary), authorising the use of B-Doubles in the electorate including those issued both before and after the establishment of the National Heavy Vehicle Regulator, (b) the date of issue and expiry and the conditions that apply to each permit and (c) details of any applications for which consent has not been provided under section 156 of the National Heavy Vehicle Law (NHVL) together with a copy of the statement of reasons that meets the requirements of sections 156(6) and 172 of the NHVL for each application where the department as road manager has refused to grant consent?

ANSWER:

I thank the Member for Callide for the question.

The Department of Transport and Main Roads (TMR) ceased managing B-Double Permits on all roads in Queensland following the introduction of the National Heavy Vehicle Regulator on 10 February 2014.

Provided below is a list of B-Double permits issued in the Callide Electorate prior to 10 February 2014 by TMR. The permit holders, applicants and assessors details have not been listed.

For B-Double permits issued after 10 February 2014 the member will need to source the information from the National Heavy Vehicle Regulator.

Callide B-Double Current Permits issued Pre February 2014
